Subject : Contract No. 237-1316-0

Gentlemen:

Final inspection by our Technical Inspector revealed that four (4) Line Analyzers are not acceptable as follows:

- Serial No. 235 - Amplifier Gain too low
- Serial No. 244 - Defective Oscillator
- Serial No. 238 - Defective Frequency Response Switch
- Serial No. 241 - Oscillator output too low

It is therefore requested that you advise the undersigned of the method of return shipment to be used on these units as well as the date replacement will be made.

Distribution:

- Orig - Addressee
- 1 - 237 (Official)
- ~~1~~ - TSD/APB
- 1 - IB Chrono

Very truly yours,
